Dear Sir:

In the library of our Museum we have a file of the mint reports for many European countries, but for some reason or other we have never obtained mint reports for Germany. May I ask whether you are in a position to ascertain whether mint reports have been issued and whether any of them would be available for the use of our Museum. I believe you know of the work we are trying to do and you can therefore realize the importance of having the information in these mint reports available for students who may ask for it. I shall appreciate any suggestions you may be in a position to give me, which may enable me to remedy this deficiency of our library.

Very truly yours,

SN:JC
